¹ An alternative class of licence enables its holder to practice with limitations, but additional requirements must be met in order for the member to be fully licensed.

Additional comments:

New applications received: application packages received in the office in 2018

Applicants actively pursuing registration: anyone involved in the application process, at any stage, in 2019 (taken from date of payment for the application fee or the date the application package was received in the office.

Inactive applicants: applications close out after 12 months from the date of payment of the application fee, so there will never be inactive applications at the time of reporting.

Applicants who met requirements but did not register: approved for registration in 2018 but registration fee not paid in 2019 (May have been registered in 2019)

Applicants who became fully registered members: same as Part E because CDHO only has one class of initial registration.

Applicants issued alternative class of license: CDHO only has one class of initial registration, so this number will always be zero
