EL-10 DEVELOPMENT OF STANDARDS GOVERNING PRACTICE

The Registrar/CEO shall not develop or change standards governing the practice of Dental Hygiene that cannot be adequately defended, or are inconsistent with the legislated mandate of the organization.

Further, without limiting the scope of the above statement by the following list, the Registrar/CEO shall not:

1. Require a decision of Council without at the same time providing evidence that the proposed change(s) meets the following criteria reasonably interpreted:
 - Develop standards that are inconsistent with evidence-based practices.
 - Develop standards without a broad scope of stakeholder consultation.
 - Develop standards that would interfere with the ability of the profession to work with other professions with which it is important to maintain productive relations, unless it is necessary to protect public interest.
 - Let Council be unaware of issues arising from stakeholder consultation on a proposed change of standards.
2. Release new or amended standards prior to Council's formal approval on the Required Approvals Agenda.

EL-11 AMENDMENTS TO ACT OR BYLAWS

When preparing options for Council's decisions regarding Regulations under the Act regulating Dental Hygiene, or Council Bylaws, the Registrar/CEO shall not interfere with the Council's legislated responsibilities.

Further, without limiting the scope of the above statement by the following list, the Registrar/CEO shall not:

6. Submit the final version of proposed amendments to Acts or Regulations to the government, nor proposed amendments to Bylaws to membership, prior to Council approval.

COUNCIL-REGISTRAR/CEO DELEGATION

Council's sole official connection to the operational organization, its organization, its achievements and conduct will be through a chief executive officer, titled Registrar and CEO.

CRD-1 UNITY OF CONTROL

Only officially passed motions of the Council are binding on the Registrar/CEO:

1. Decisions or instructions of individual Council members, officers, or committees are not binding on the Registrar/CEO except in rare instances when the Council has specifically authorized such exercise of authority.
2. In the case of Council members or committees requesting information or assistance without Council authorization, the Registrar/CEO can refuse such requests that require, in the Registrar/CEO's opinion, a material amount of staff time or funds or are disruptive.
3. Only the Council acting as a whole can employ, terminate, discipline, or change the conditions of employment of the Registrar/CEO.

CRD-2 ACCOUNTABILITY OF THE REGISTRAR/CEO

The Registrar/CEO is the Council's only link to operational achievement and conduct, so that all authority and accountability of staff, as far as the Council is concerned, is considered the authority and accountability of the Registrar/CEO.

1. The Council will never give instructions to persons who report directly or indirectly to the Registrar/CEO.
2. The Council will refrain from evaluating, either formally or informally, any staff other than the Registrar/CEO.
3. The Council will view Registrar/CEO performance as identical to organizational performance, so that organizational accomplishment of Council stated Ends and compliance with Executive Limitations will be viewed as successful Registrar/CEO performance. Therefore, the Registrar/CEO's job contributions shall be accomplishment of the Ends while maintaining compliance with the Executive Limitations.

CRD-3 DELEGATION TO THE REGISTRAR/CEO

The Council will instruct the Registrar/CEO through written policies which prescribe the organizational Ends to be achieved, and describe organizational situations and actions to be avoided, allowing the Registrar/CEO any reasonable interpretation of these policies.

1. The Council will develop Ends policies instructing the Registrar/CEO to achieve specified results, for specified recipients at a specified worth.
 - 1.1. Policies that do not address the subjects of results, recipients or worth will not be included in Ends, as they relate to means.
 - 1.2. Specifically, documents such as strategic plans and budgets will not be considered Ends, as they relate to operational means of achieving the Ends.

2. The Council will develop Executive Limitations policies which limit the latitude the Registrar/CEO may exercise in choosing the organizational means.
 - 2.1. These limiting policies will describe those practices, activities, decisions and circumstances that the Council would find unethical or imprudent, and therefore unacceptable, even if they were to be effective.
 - 2.2. The Council will never prescribe organizational means delegated to the Registrar/CEO.
3. All policies will be developed systematically from the broadest, most general level to more defined levels.
4. As long as the Registrar/CEO uses any reasonable interpretation of the Board's Ends and Executive Limitations policies, the Registrar/CEO is authorized to establish all further policies, make all decisions, take all actions, establish all practices and develop all activities. Such decisions of the Registrar/CEO shall have full force and authority as if decided by the Council.
5. The Council may change its Ends and Executive Limitations policies, thereby shifting the boundary between the Council and Registrar/CEO domains. By doing so, the Council changes the latitude of choice given to the Registrar/CEO. But as long as any particular delegation is in place, the Council will respect and support any reasonable Registrar/CEO interpretation of the policies. This does not prevent the Council from obtaining information from the Registrar/CEO about the delegated areas, except for data protected by privacy legislation.

CRD-4 MONITORING REGISTRAR/CEO PERFORMANCE

Registrar/CEO job performance will be measured solely by systematic and rigorous monitoring of Registrar/CEO job performance in comparison to the Council's required job outputs: organizational accomplishment of a reasonable interpretation of the Ends and organizational operation within the boundaries established in Executive Limitations reasonably interpreted:

1. Organization performance will be only that performance revealed by the monitoring system to be directly related to criteria given by the Council in policy:
2. The purpose of monitoring is simply to determine the degree to which Council policies are being fulfilled. Only information that does this will be considered to be monitoring.
3. A given policy may be monitored in one or more of three ways:
 - 3.1. Internal report: Disclosure of compliance information by the Registrar/CEO, along with their explicit interpretation of Council policy, and justification for the reasonableness of interpretation.
 - 3.2. External report: Discovery of compliance information by an impartial, external auditor, inspector or judge who is selected by and reports directly to the Council. The external party will first be provided with the Registrar/CEO's explicit interpretation of the policy and justification for the reasonableness of interpretation. The report must assess the reasonableness of the interpretation of Council policy, and compliance with it. The basis for assessment is not the standards of the external party, unless the Council has previously indicated that party's opinion to be the standard.

- 3.3. Direct Council Inspection: Discovery of compliance information by a designated Council member, a committee or the Council as a whole. This is a Council inspection of documents, activities or circumstances directed by the Council that assesses compliance with policy, with access to the Registrar/CEO’s justification for the reasonableness of their interpretation. Such an inspection is only undertaken at the instruction of the Council.
4. In every case, the standard for compliance shall be any reasonable Registrar/CEO interpretation of the Council policy being monitored. The Council is the final arbiter of reasonableness, but will always judge with a “reasonable person” test rather than interpretations favoured by Council members or even the Council as a whole.
5. Upon the choice of the Council, any policy can be monitored by any of the above methods at any time. For regular monitoring, however, each Ends and Executive Limitations policy will be classified by the Council according to frequency and method.

6. A formal evaluation of the Registrar/CEO by the Council will occur annually, based on the achievement of a reasonable interpretation of the Council’s Ends Policies and non-violation of its Executive Limitations policies, reasonably interpreted. This formal evaluation will be conducted by cumulating the regular monitoring data provided during the year and the Board’s recorded acceptance or non-acceptance of the reports, and identifying performance trends evidenced by that data.
 - 6.1. In December of each year, the Registrar/CEO will identify for the Council the Registrar/CEO’s reasonable interpretation (measurable conditions supported by a rationale) of a one-year segment of progress towards achievement of the Council’s Ends policies.
 - 6.2. Formal evaluation of the Registrar/CEO is concluded in June at the time of its June Council meeting.

The Executive Committee will also propose to Council a recommendation for Registrar/CEO compensation. (Ref. CRD-5: Registrar/CEO Compensation).
 - 6.2.4. Only after the final Registrar Performance Summary is reported to the Council will the Executive Committee meet with the Registrar/CEO. The performance review meeting will normally be held in June at the time of the Council meeting.

CRD-5 REGISTRAR/CEO COMPENSATION

The Registrar/CEO's compensation will be decided by the Council as a whole and based on organization performance and executive market conditions.

1. Total compensation is to be competitive with the executive market. The executive marketplace to be considered is Ontario regulatory colleges of comparable scope, size (budget and staff complement), challenges and complexity. Total compensation includes salary, benefits, pension, perquisites and incentives.
 - 1.1. Every three years the Council will commission a formal review of compensation to ensure total compensation is aligned with the market. In each of the intervening two years, the base salary is adjusted by a percentage equivalent to a cost-of-living increase.
2. Annually in December, the Council will approve, with due consideration of the organization's financial capacity, a budget for the salary and benefits package for the coming fiscal year, including provision for any incentive pay to be made available.
 - 2.1. The Executive Committee may gather information and provide options and their implications to the full Council for its decision.
3. The Registrar/CEO's base salary is adjusted annually. Council will decide on compensation at its June meeting. Any adjustment will be effective retroactively to January 1st. A lump sum payment representing the difference in prior year and current year compensation will be made on June 30th.
4. Compensation may include an Ends-related performance-based incentive.
5. The President will confirm the Council's decision about compensation to the Registrar/CEO in a letter after the Executive Committee has presented to Council the results of its annual performance review meeting with the Registrar/CEO and Council has approved the compensation adjustment.

CRD-6 REGISTRAR/CEO SUCCESSION

In its role of assuring organizational performance, the Council shall take action in the event the Registrar/CEO is unable to perform his/her duties to ensure consistent leadership for the management of the organization and, when necessary, to ensure an orderly transition in Registrar/CEO succession.

1. Temporary Planned or Unplanned Absences (not vacation): When the President is made aware by Registrar/CEO, or management designate, of a planned or unplanned absence, the President will immediately inform the Council. A temporary planned or unplanned absence is a period of 30 days or less.
2. The Executive Committee will review the Registrar/CEO's most recent reasonable interpretation for Executive Limitation EL-3 (9.2) ("Permit the organization to be without sufficient organizational capacity and current information about Registrar/CEO and Council issues and processes for the competent operation of the organization to continue in the event of sudden loss of Registrar/CEO services.") and enact the provisions detailed in the interpretation. The Executive Committee will provide the Council an opinion on the period of time for which it is prudent to continue with these provisions. The Council will approve the plan.

3. If the Registrar/CEO has not yet provided a reasonable interpretation for EL-3 (9.2), the President will convene a meeting of the Executive Committee to which it may invite senior managers. The Executive Committee will determine how interim Registrar/CEO services are to be provided and identify the individual(s) who shall serve as Acting Registrar/CEO for the period of the temporary absence. The Executive Committee will circulate the plan to the Council for approval. The Acting Registrar/CEO shall be accountable to the Council as a whole for the management of the organization consistent with the Council's policies.
4. A short-term absence is a period of between 31 and 90 days. The Council will follow the same procedure as described in #1 and #2.
5. The Council will determine if it wishes to increase the frequency of monitoring for any policy or any part of any policy for the period of the short-term absence.
6. The Council will decide the amount, if any, of the agreed-upon end-of-absence bonus or salary adjustment to be enacted for the period of the absence.
7. The Council will agree upon a communication plan that addresses the information that will be shared about the appointment and which stakeholders will receive the information.
8. A long-term absence is a period in excess of 90 days. The Council will follow the same procedures described in CRD-3 (#2 to #7).

10. The Council will determine the period of time that it is prudent to continue with these provisions.
11. A permanent absence occurs when the Registrar/CEO does not return from a planned or unplanned absence of any duration, resigns, is terminated, or retires.

CRD-7 REGISTRAR/CEO TERMINATION

Registrar/CEO termination is an authority retained by the Council, not delegated to any officer or committee.

1. The decision process will be informed by performance data drawn from the monitoring system, which is itself directly related to Registrar/CEO performance on criteria the Council has stated in policy.

3. A committee process may be used to gather information and to provide options and their implications to the full Council.

GLOBAL GOVERNANCE PROCESS

The government of Ontario has given the profession of dental hygiene the right to self-regulation to protect the public interest. Thus, the CDHO considers that while it has legal accountability to the government, it has moral accountability to the people who access dental hygienists in Ontario – its moral owners.

The purpose of the Council, on behalf of those to whom it is morally and legally accountable, is to see to it that the College of Dental Hygienists of Ontario achieves appropriate results for the appropriate people at an appropriate cost as defined in the Council's Ends, while avoiding unacceptable actions and situations as defined in Council's Executive Limitation policies.

GP-1 GOVERNING STYLE

The Council will exemplify excellence and integrity by governing with an emphasis on outward vision, commitment to obtaining ownership input, encouragement of diversity in viewpoints, strategic leadership, clear distinction of Council and staff roles, collective decisions, and a proactive, future focus. This means the Council will not be preoccupied with the present or past, or with internal, administrative detail.

1. The Council will cultivate a sense of group responsibility. The Council, not the staff, will be responsible for excellence in governing. The Council will initiate policy, not merely react to staff initiatives. The Council will use the expertise of individual members to enhance the ability of the Council as a body to make policy, rather than to substitute their individual judgements for the group's values.
2. The Council will direct, control and inspire the organization through the careful establishment of broad written policies reflecting the owners' values and perspectives. The Council's major policy focus will be on the intended long- term results to be produced for beneficiaries outside the operating organization, not on the administrative means of attaining those results.
3. The Council will enforce upon itself whatever self-discipline is needed to govern with excellence. Self-discipline will apply to matters such as its code of conduct, policy-making principles, respect of roles, regular self-evaluation, and ensuring the continuity of governance capability. Although the Council can change its governance process policies at any time, it will scrupulously observe those currently in force.
4. The Council will not allow any member or committee of the Council to hinder or be an excuse for not fulfilling Council obligations.

GP-2 COUNCIL JOB CONTRIBUTIONS

As an informed agent of the ownership, the Council's specific job products are those that ensure appropriate organizational performance.

Accordingly, the Council has direct responsibility to create:

1. The link between the owners and the operational organization.
2. Written governing policies that address the broadest levels of all organizational decisions and situations.

 - 3.1. Continuity of the Registrar function.
 - 3.2. Structured monitoring of the Registrar as outlined in Council-Registrar/CEO Delegation policies.

[Bylaw article 3.9(13)]
- 5.3. Decisions in the matter of reimbursement of legal costs to the subject of a complaint when no breach of Code of Conduct is found.

GP-3 COUNCIL PLANNING CYCLE AND AGENDA CONTROL

To accomplish its job products with a governance style consistent with Council policies, the Council will follow an annual agenda which (a) completes a re- exploration of Ends policies annually and (b) continually improves Council performance through Council education and enriched input and deliberation.

1. The Council will convene a minimum of four meetings annually and will normally meet on a quarterly basis. The annual planning cycle is January 1 to December 31.
2. The Council shall maintain control of its own agenda by developing a multi- year cycle and an annual schedule that includes all elements of the Council’s work. Annually the Council will review its annual schedule and related meeting agendas and modify as required to accommodate any additional projects or priorities. [See multi-year cycle at the end of this policy.]
 - 2.1. Review of the Ends in a timely fashion which allows the Registrar/CEO to build a budget based on accomplishing a one-year segment of the Council’s most recent statement of long-term ends.
 - 2.2. Linkage with the ownership to gain a representative mix of owner values, perceptions and expectations, prior to the above review.
 - 2.3. Education related to Ends determination (for example, presentations relating to the external environment, demographic information, exploration of future perspectives which may have implications, presentations by advocacy groups and staff).

Monitoring reports will be read in advance of the Council meeting, and discussion will occur only if Council members assess interpretations as unreasonable, identify non-compliance, or identify potential need for policy amendments.
 - 2.7. Education about the process of governance.
3. Based on the annual schedule and specific Council-confirmed goals for the year ahead, the Council delegates to the Chair the authority to fill in the details of the meeting content. Potential agenda items shall be carefully screened. Screening questions shall include:
 - Clarification as to whether the issue clearly belongs to the Council or the Registrar.
 - Identification of what category an issue relates to – Ends, Executive Limitations, Governance Process, Council-Registrar Delegation.
 - Review of what the Council has already said in this category, and how the current issue is related.
 - 3.1. The Council delegates to the Chair the authority to confirm the agenda and meeting material for Council’s public meeting prior to their publication.

4. Throughout the year, the Council will attend to Required Approvals Agenda items as expeditiously as possible. When an item is brought to the Council via the Required Approvals Agenda, provided that compliance with all of the criteria in Executive Limitations has been demonstrated, the Council will not discuss the item prior to approval.

GP-11 COUNCIL LINKAGE WITH OWNERS

The “moral owners” of the College of Dental Hygienists of Ontario (CDHO) are defined as the public of Ontario.

The Council shall be accountable for the CDHO to its owners as a whole. The Council shall act on behalf of the owners as a whole, rather than being advocates for specific geographic areas or interest groups.

The privilege of self-governance has been granted to College of Dental Hygienists of Ontario (CDHO) by the *Regulated Health Professions Act, 1991*, S.O. 1991 C. 18. This legislation requires the CDHO to carry out its activities and govern registered Dental Hygienists in a manner that protects and serves the public interest. As the representative of the owners, the Council is obligated to identify and know what the owners want and need.

1. When making governance decisions, Council Members shall maintain a distinction between their personal interest as “customers” of the College and their obligation to speak for others as a representative of the “owners” as a whole.
2. The Council shall gather data in a way that reflects the diversity of the ownership. It shall meet with, gather input from, and otherwise interact with owners in order to understand the diversity of their perspectives.
 - 2.1. The Council recognizes that in order to exercise the authority to self-govern the profession of Dental Hygiene that it must maintain a relationship with registrants as one sub-set of the overall moral ownership. Council shall, in obtaining perspectives from registrants, emphasize areas of public interest and avoid areas reflecting the profession’s self-interest. It shall take these perspectives into account when making decisions, provided always that the interests of the public are protected.
3. The Council may develop a policy permitting the College to act as an advocate for the profession provided such action is consistent with the public interest.
4. The Council will establish and maintain a three-year ownership linkage plan, in order to ensure that the Council has intentional and constructive dialogue and deliberation with the owners, primarily around the organization’s Ends. The plan will include selection of representative owners for dialogue, methods to be used, and questions to be asked of the owners. The information obtained from this dialogue with owners will be used to inform the Council’s policy deliberations.
 - 4.1. All Council members are accountable to the Council for participating in the linkage with owners as identified in the plan.
5. The Council will consider its ownership linkage successful if, to a continually increasing degree:
 - When developing or revising Ends, the Council has access to diverse viewpoints that are representative of the ownership regarding what benefits this organization should provide, for whom, and the relative priority of those benefits.
 - The owners are aware that the Council is interested in their perspective.
 - If asked, the owners would say that they have had opportunity to let the Council know their views.
