**Case-based learning**

**Relevant to practice**

### IMPACT

**86%\***

Incorporated learning into practice

**83%\***

Said participation benefitted clients

**86%\***

Better able to monitor practice against Standards

\*Agree/Strongly Agree

### WHAT YOU (RDHS) HAD TO SAY

*"I loved the whole experience. I loved my peer circle leader. She made everyone feel comfortable."*

*"Was very rewarding and helpful! I am thankful for the experience and this has made me a better hygienist in many ways!"*

*"I loved this process. The cases were all relevant and things I have dealt with over and over. It was amazing to have conversation with peers about the issues surrounding these cases and I learned a lot. Everyone had different perspectives and experiences which added value and kept things interesting."*

**Facilitator maintained a positive, encouraging attitude**

**93%**

**STRONGLY AGREE**
